

We are overwhelmed by the outpouring of support and the kindness and generosity you provided throughout Pat's long battle with cancer and her recent death.

In times like this we are reminded how much family means to us and the value of friendship. Whether a phone call, a card or other countless ways many of you have provided comfort and strength and made our loss less difficult.

Your efforts, thoughts and prayers are greatly appreciated and will always be remembered.

With sincere thanks from Paul, Pam and Patty
